

1 Dashed Shapes & Paths

Native PDF dash patterns with phase — scoped with q/Q so solid strokes stay solid

2 Gradient Fills

Axial and radial PDF shadings clipped to the path — vector, resolution independent

3 Links & Bookmarks

Open the TerraPDF repository

Back to page 1

Open the viewer's outline pane to see the canvas bookmarks.

URI and GoTo link annotations, plus outline entries, all placed from a canvas

4 QR Codes on the Canvas

level M, linked

level H, colored

no background, 1-module quiet zone

One filled vector path per symbol — module runs merged into rectangles
